OU2 (903 Pad, Mound, East Trenches) RI Report 3D Modeling

J. M. Kersh, Associate General Manager
Environmental and Waste Management
EG&G Rocky Flats, Inc.

As discussed with the EG&G Operable Unit 2 (OU2) project manager, the Draft Phase II RCRA Facility Investigation/Remedial Investigation (RFI/RI) Report should contain the results of 3-Dimensional (3-D) modeling to better represent the complex hydro-geology. Both the Interactive Volumetric (IVM) and Interactive Geologic Modeling (IGM) should be done for inclusion into the Draft RFI/RI Report currently due to EPA/CDH on March 12, 1993.

If you have any questions, please contact either myself or Scott Grace of my staff at extension 7199.

James K. Hartman
Assistant Manager
for Environmental Management
